

Project Manager

We are looking for a Project Manager (m/w/f) for brainGarden GmbH - an internationally operating consulting and service company with headquarters in Hanover and offices in the USA, India and China.

Your Tasks

In your function as Project Manager you will support the Managing Director in the project implementation of exciting projects for our clients. Together with an international team you will work on start-up and eCommerce projects. You will create and deliver relevant project information, monitor the implementation within the project and test the implementation results. Your tasks will also include coordinating and controlling projects. You will be responsible for project controlling, communication and cooperation within the project team.

You will function as an interface between management and the project team and be the contact person for service providers and suppliers.

Your Profile

- Successfully completed degree (economics) or comparable qualification with relevant professional experience
- Experience in project management
- Proficient in the use of MS Office programmes Word, PowerPoint and Excel
- Very good knowledge of German and English, both written and spoken
- Excellent organisational and communication skills and enjoy working with people
- High average willingness to perform
- Flexibility, resilience, proactivity and service orientation
- Forward-looking and goal-oriented way of working
- An eye for detail and the ability to quickly grasp complex interrelationships
- You appreciate teamwork and enjoy working independently
- Hands-on mentality and discretion
- High standards of work quality and adherence to deadlines

Our Approach

We offer you a varied and exciting job in a dynamically growing global environment, a performance-related salary, a very modern equipped workplace and high growth opportunities.
